

SAP Cloud Platform for SAP SuccessFactors Solutions

The future of digital HR

Platform as a Service (PaaS) is Critical to the Digital HR Evolution

Organizations struggle to keep up with the ever-increasing pace of change in the digital world. How do you maintain stable core business processes but also respond to the evolving needs of your workforce?

SAP SuccessFactors solutions are a market leader in the HR space. Together with **SAP Cloud Platform** – our industry-leading open-enterprise PaaS – we help you extend your SAP SuccessFactors applications and innovate to meet the needs of digital HR.

SAP Cloud Platform gives you the power to:

- **Extend the functionality of SAP SuccessFactors solutions** to engage your employees in new ways, allowing HR to be flexible and innovative without compromising core processes
- **Seamlessly integrate data, workflow, and processes** across the SAP SuccessFactors HCM Suite, SAP, and third-party applications
- **Empower your organization to personalize the end-to-end HR landscape** with seamless and secure Web and mobile user experiences
- **Put HR in the Innovation Driver's Seat.** SAP provides prototyping and rapid app development tools to help HR leaders bring their ideas and vision to life quickly and simply. Offer your employees tailored experiences – designed by you – built for your unique workforce.
- **Increase employee engagement and collaboration with the SAP Jam collaboration platform**, which bring people, information, and processes together in a single unified experience that is easy for employees to use anytime, anywhere

Innovation in action

Our customers are using SAP Cloud Platform to supercharge HR like never before. Here's just a few examples of how you can extend SAP SuccessFactors solutions with SAP Cloud Platform:

- Employee engagement (surveys, rewards, and recognition)
- Occupational health and safety
- Labor relations and grievance management
- Resource scheduling
- Organization management and visualization capabilities
- Seniority calculation and shift bidding
- HR self-service portals
